

## Broker Pre-licensing Testimonials

As a full-time realtor with 13 years of experience, I started the Broker Pre-Licensing class with the finance and the appraisal courses because this was my weakness. With the encouraging and welcoming environment at DAAR, I continued through all the required courses. The classes were interesting, the instructors were current, and I made friends with classmates that I know I can count on. I now am a Broker and own my own firm. The biggest take away from my experience is, "you don't know what you don't know!" I am so thankful I did this. I would encourage any realtor, whether you aspire to be a Broker or not, to take the course. It will set you apart and help you in your business.

Just wanted to say thank you many times over again for holding the Broker's class. I certainly got a lot more attending this class than online. All the instructors were stellar in making sure the class had a full understanding before moving on. I never felt rushed or confused on the subjects covered and would recommend this class to anyone looking to take the next step forward in their Real Estate career!

When I decided to obtain my Brokers license it was important that I had the best instructors our industry had to offer. In selecting DAAR to complete this career advancing qualification I was not disappointed. So often classes are 'book led' with little creativity. For each of the 4 modules we had first class instructors with a wealth of knowledge of our profession. My fellow students added an additional level of experience and having this added to the mix made the classes both instructional and enjoyable. After each module the trainers remained accessible as we prepared for the Broker Exam which I was able to approach in total confidence. If you want to progress your career as a Broker or simply raise your standard of knowledge this is a worthwhile qualification made easier by the service DAAR offers.
