## The DAAR Ambassador Program

The Dulles Area Association of REALTORS® (DAAR) Ambassador program is an outreach program designed to assist in engaging REALTORS® in programs and activities of the association.

DAAR Ambassadors act as a conduit between the association and the members. They provide information and materials, such as educational, event and program benefits of the REALTORS® organization, at their sales meetings and beyond to engage members and encourage involvement and participation in DAAR.

DAAR Ambassadors help with engaging association members, promoting the work of the association, and providing feedback to the association about issues and programs helpful to the membership. Issues may include Multiple Listing Service (MLS) related challenges, suggested contract form changes or regulatory or legislative concerns. Ideas related to new programs benefiting REALTORS® are welcome and encouraged.

DAAR Ambassadors also serve as honorary hosts of the association and may be asked to welcome new members at events, offer information and answer questions, and assist new members in becoming more involved with the association.

By participating in the program, DAAR Ambassadors help to increase the level of communication between members and visibility of DAAR.
