I was born and raised in Morocco, the son of a prominent Major Officer in the Army. Upon completion of my university studies, I joined the Financial Ministry and became the youngest serving Financial Inspector within this branch of government. As many do, I dreamed of coming to the United States to pursue "The American Dream". I possess over 27 years within the customer service and finance industry and bring that knowledge base to my Real Estate career; I am fluent and literate in 3 dominant world languages, Arabic, French and Spanish.

Additionally, I am highly involved in the international community as well as my local neighbourhood. I am an active tennis player and enjoy watching and playing soccer as well. My hobbies include fishing, working out, and spending quality time with my friends and family.
