

Real Estate School

The Dulles Area Association of REALTORS® (DAAR) features an educational program that brings the DAAR classroom experience and informational resources directly to Brokers and their teams.

This program, [DAAR on the Road](#), offers PLE and CE classes as well as industry Certifications and Designations that can be hosted virtually, at your brokerage, a DAAR meeting space, or an approved, 3rd party space.

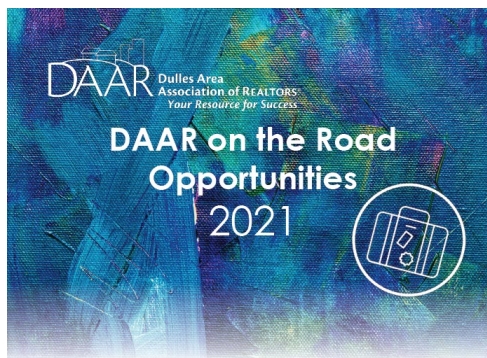

We are excited to launch our new DAAR on the Road Opportunities Guide! Browse this [catalog](#) and decide which option best suits your needs.

To participate in DAAR on the Road, Brokers must fill out a [form](#) specifying their specific opportunity details. I will reach out to finalize the details and pricing once the form is submitted. If you'd like to take advantage of more than one DAAR on the Road opportunity, please fill out this form multiple times.

DAAR will take care of all the post-class reporting to DPOR and NAR. DAAR can also handle the NAR compliance process for your agents, who are DAAR REALTOR® members, for each cycle.

We make it easy for you and your team to stay current!

If you have any questions, please feel free to reach out at bfischel@dullesarea.com.
